

CBS-MOBILE Video Security Cloud Service 1yr

VideoView+ Service

VideoView+ provides an easy-to-use and cost-effective solution to remotely connect to your Bosch cameras from anywhere and at any time. Leverage the power of the Bosch cloud to monitor your premises and get notified about any incident.

Functions

Easily connect with Video Security Client to your Bosch IP cameras from all over the world and experience immediate video playback, full access to your recordings, forensic search on cameras with Bosch video analytics support and smooth control of PTZ cameras.

Video view

VideoView+ enables live streaming of up to eight concurrent IP cameras via Video Security Client or up to four concurrent cameras on the Android and iOS app clients:

- Replay and export recorded video of up to eight cameras simultaneously from a DIVAR IP or SD card source.
- Use forensic search to define and perform search criteria for recorded events.

Event notification

The event notification feature remotely informs users about triggered events via push notifications with Video Security Client.

Improve real-time decision making by optimizing your remote monitoring setup with VideoView+:

- Generate event lists (all OS platforms).

- ▶ Unlimited remote access to live video and recorded clips with Video Security Client
- ▶ Instant push event notifications via Video Security Client

- Manage incidents and critical events on monitored sites.
- Configure push alarm notifications (iOS and Android), enabling swift and effective responses to alarm events.
- Benefit from 10-second event clip cloud recording with a 30-day retention time, keeping essential evidence safe for future investigation.

Regulatory information

i Notice Disclaimer

This software is not designed, intended, or authorized for use in any type of system or application in which the failure of the software could lead to a risk to health and safety. The user is responsible to verify that the software and its specified functionalities are suitable for the intended application, in particular with respect to accuracy, safety and security.

Parts included

Quantity	Component
1	Video View+ 1 year license

Technical specifications

Dependencies

Notice

The VideoView+ license unlocks features within Video Security Client and must be used together with this application.

Video Security Client	The app works on phones, tablets, and laptops running • Android 8.0 or higher with OpenGL ES 3.0 or higher • iOS 13 or higher • Windows 10.1607 "Anniversary Update"(64-bit) or higher
-----------------------	---

Connectivity

Network	For best performance, a fixed internet connection should be used to connect devices to the Bosch Security Cloud. Cellular internet connections may be used but they can impact performance or availability.
Browser	The browser-based interfaces of the Remote Portal are best displayed with contemporary browsers: • Google Chrome • Firefox • Microsoft Edge NOTE: JavaScript must be enabled.

Compatibility

Device	Minimum firmware/software version
Bosch IP camera	Firmware version 6.5
