## multi-functional, adjustable bracket

A very high quality aluminium fully adjustable bracket that can accommodate both the beam head and the reflector / reflector kits. Includes integrated spirit level.

Accommodates both the...

beam head and...

reflector / reflector kits

[www.thefirebeamcompany.com](http://www.thefirebeamcompany.com)

Both ball and swivel joints mean total flexibility in aligning beam and reflectors.

Comes with integrated spirit level to enable accurate alignment.
