

Fire and Evacuation / Standalone / X-Sense

SC07-W

X-SENSE

Features

- X-sense
- Standalone combined carbon monoxide and smoke alarm
- Wireless communication 868MHz
- Allows multiple devices to be connected to sound at the same time
- Up to 24 interconnected detectors
- Alarm 85 dB to 3m
- Detection indicator light
- LCD screen with carbon monoxide measurement
- Test button
- Power supply 1 battery CR123A 3.0 V
- Battery life 10 years
- Certificates EN 14604 and EN 50291

Specifications

Brand	X-Sense
Detector type	Electrochemical and photoelectric CO sensor
Wireless communication	RF 868MHz
Maximum number of connected devices	24
Certification	EN 50219 and EN 14604
CO Sensitivity	50ppm: 60-90 minutes 100ppm:10-40 minutes 300ppm:3 minutes
Coverage range	20m2
Standby current	6 µA
Current in alarm	60mA
Sound power	85dB to 3m
Battery duration	10 years
Battery	1x CR123A 3V
Operating temperature	4.4~37.8°C
Operating Humidity	85% RH
Dimensions	146 (Ø) x 51 (h) mm
