

# NDA-7080-IR940 Replacement cover IR 940nm

- ▶ Easy to replace
- ▶ Weather resistant finish to maintain cosmetic appearance
- ▶ Invisible IR lighting up to 15m (50ft)

In case of damage caused by impact or scratching of the FLEXIDOME corner 7100i IR, the camera IR cover can be easily replaced to restore the camera's optimal functionality. This replacement part is identical to the original component and is equipped with 940nm infrared capabilities, complemented by a protective bubble for enhanced durability. Thanks to its user-friendly design, the replacement process is quick and straightforward, ensuring minimal downtime in critical surveillance applications.

## Installation/configuration notes

## Parts included

| Quantity | Component                |
|----------|--------------------------|
| 1        | 940nm IR cover           |
| 1        | Quick installation guide |

## Technical specifications

### Mechanical
