

# Dome Cover

SPB-PTZ95W  
SPG-PTZ95W

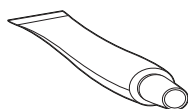

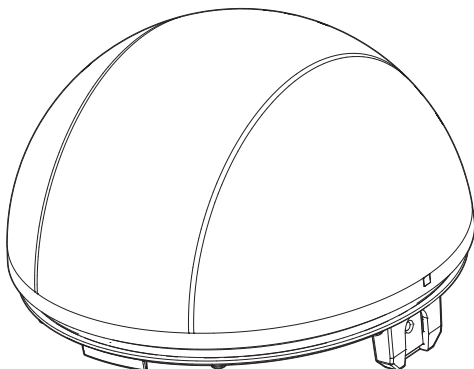

## Installation Precautions

---

- If the product is installed with excessive force, it may cause damage to the camera due to malfunction.
- Forcing assembly using non-compliant tools may damage the product.
- When installing/removing the Dome Cover, make sure you put the product body on a flat ground before working on it in order to prevent accidents due to loss or drop of any parts.
- When applying Smoked Dome Cover (SPB-PTZ95W), low light image and AF performance can be affected comparing to clear dome.
- When installing the camera outdoors, it is recommended to apply the included waterproof grease on the side of the dome. (SPG-PTZ95W)
